

TELECOM AUDIT

MODERNIZE YOUR NETWORK & SAVE MONEY

At Switch, we combine the most advanced data center ecosystems with the world's most powerful telecom infrastructure purchasing cooperative, to offer our customers a competitive advantage that is truly unmatched.

Switch negotiates the acquisition of thousands of telecom circuits, for hundreds of clients at the same time, enabling every Switch client to purchase with trillion-dollar exascale buying power.

HOW DO I GET STARTED WITH SWITCH TELECOM?

SWITCH TELECOM BENEFITS

STEP 1: AUDIT

Setup an Audit With Our Team of Experts to Identify Significant Cost Savings

The Switch CONNECT telecom auditing service provides data analytics on how your network would be priced when partnering with the buying power of Switch's exascale purchasing cooperative.

STEP 2: NEGOTIATE

We Negotiate Using the Trillion-Dollar Buying Power of The CORE Cooperative

No single company can negotiate using the volume of 1350+ clients with a combined market cap of over \$7 trillion purchasing ecosystem that exists with The CORE Cooperative.

STEP 3: PURCHASE

Let Us Save You 35-60% on Your Overall Network Telecom Spend

Switch's clients join together to aggregate buying power creating an entity much stronger than any individual company purchasing on its own.

- 50+ cloud and carrier options
- Services include: MPLS, IP, Transport, Voice, and SD-WAN
- Consolidated billing with single monthly invoice for all carrier services
- Circuits do not have to terminate at Switch
- International circuits available
- Switch Solution Architects are available for network design
- 24/7/365 customer support

CHOOSE FROM 50+ CARRIERS INCLUDING

SWITCH TELECOM CLIENT TESTIMONIAL

“ Our Telecom Project Manager is **EXTREMELY** proactive with her communication. She gives me multiple updates each week **WITHOUT ME EVEN HAVING TO ASK!** That is completely unheard of in the Telco industry, but super helpful as I am coordinating with multiple people on my side and providing updates to several groups of people. She is very organized with all 18 circuits we are turning up. Switch Telecom **IS WORLD CLASS** and delivers excellent service. I've never felt more at ease and comfortable with a vendor running our project than this. Thank you for hiring such quality people and empowering them to do a great job. We are thoroughly pleased with the level of service thus far. Thanks so much! ”

Josh Sherwood, PMP, Director of Project Management, ePlus Cancer Care
